1. POWER ON + CHARGE

First step after unboxing the ShowerStar is to power on the device by pressing the Operation Button for 3 seconds and then charging the battery by connecting it to any USB charger using the supplied USB cable for 4-6 hours. When powering on the LEDs will illuminate **RED**, **GREEN** and **BLUE**.

The top LED illuminates **RED** when charging and **GREEN** when fully charged.

3. TEST

1. Run Shower	2. **BLUE LED** flashes = **Flow Sensing OK**

2. INSTALL MOUNTING CRADLE

| 1. Insert cable ties	2. Fix mounting bracket to piping / showerhead	3. Trim cable ties	4. Slide unit into mounting cradle
